4. Many science truths were revealed in the Bible long before science discovered them:

GETTING PERSONAL

5. Have you ever applied the John 7:17 “test” and found it to work for you? What is it that makes this work?
6. When do you tend to struggle with doubts about the truths in the Bible? What causes the doubts, what helped you overcome these?

MAKING PROGRESS

7. One of our core statements is: “Love God Wholeheartedly.” Jesus told us to love God with all of our heart, soul, **mind**, and strength. Since all truth is God’s truth, accurate science will go hand in hand with accurate theology. What are you doing to make progress loving God with all of your mind?
